Dr. Samarendu Mohanty
Regional Director
International Potato Center (CIP) in Asia (India, Bangladesh, Vietnam, Indonesia and Phillipines)

Title: The Role of Potato in Building Sustainable Agri-Food Systems in Asia.

Background:

Dr. Mohanty holds a Ph.D. in Agricultural Economics from University of Nebraska-Lincoln, a M.S. in Agricultural Economics from University of Nebraska-Lincoln and a B.Sc. from University of Agricultural Sciences in Bangalore, India. He recently joined CIP after working as Principal Scientist at the International Rice Research Institute – IRRI in Philippines and previously as Head and Senior Economist for the Social Sciences Division in IRRI since 2008. Previously, he also worked as Associate Professor and Associate Director for Cotton Economics Research Institute at Texas Tech University and scientist at Food and Agricultural Policy Research Institute at Iowa State University.
