

To obtain more information about the perceptions, attitudes and insights of new residents, we will be hosting focus group interview sessions across 6 communities in Nebraska, South Dakota and North Dakota. Please consider being a part of this study.

**We are looking for people who have moved to the area in the past five years.**

**Each participant will receive an honorarium.**

**Focus group sessions will last approximately 90 minutes.**

If you are interested in being a *potential* participant, please return this completed postcard with your survey in the enclosed postage paid envelope. Returning this card indicates only your interest in being a part of the potential group and does not obligate you to participate if asked to do so. Pending the survey results, individuals for the focus groups will be selected based on demographic and geographic representation. There are no guarantees that everyone who volunteers will be asked to participate.

If you have questions concerning this opportunity, please contact Randy Cantrell at ph: 402-472-0919. Thank you!
